

# CJFILTER/REC

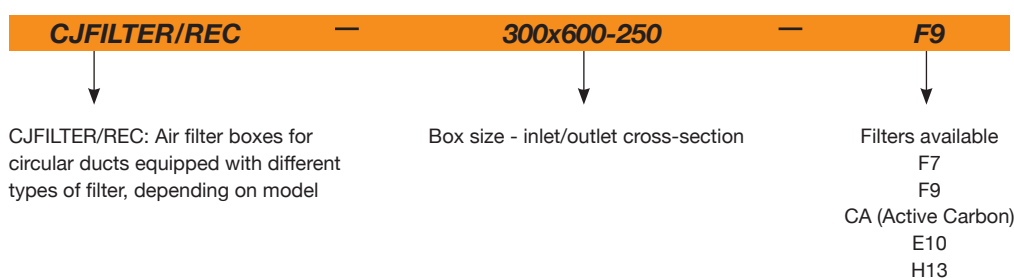

*Air filter boxes for circular ducts equipped with different types of filter, depending on model.*

Principal characteristics:

- Side access panel for maintenance.
- Easy to install.
- Quick and easy filter replacement using rails.
- 5mm-thick sound insulation.
- Low-profile models for fitting in false ceiling.
- Compact F7 and F9 filters for mounting on 98mm rail.
- Polyhedral filters 292mm deep with efficiency levels E10, H13 and CA (Active Carbon) for mounting on 25mm rail.
